FOREWORD

The 1980 Mirror is a collection of memories reflecting the past year in the lives of the students at MHS. The book is composed more of photographs than words because I feel those priceless moments are better preserved by faces of our friends and classmates, along with the times we shared.

Although the staff was a little disorganized this year, we believe that all our work and effort putting together the Mirror was a worthwhile experience.

Debbie Cook
Editor-in-Chief

The 1980 Mirror Staff would like to thank our patrons for their support and patience, and also all their cooperation with our disorganization.

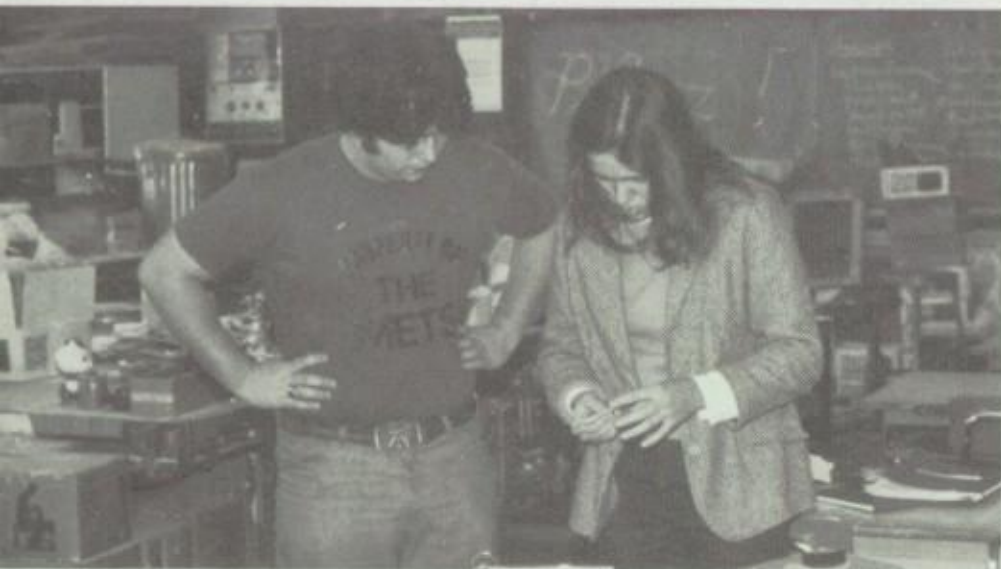

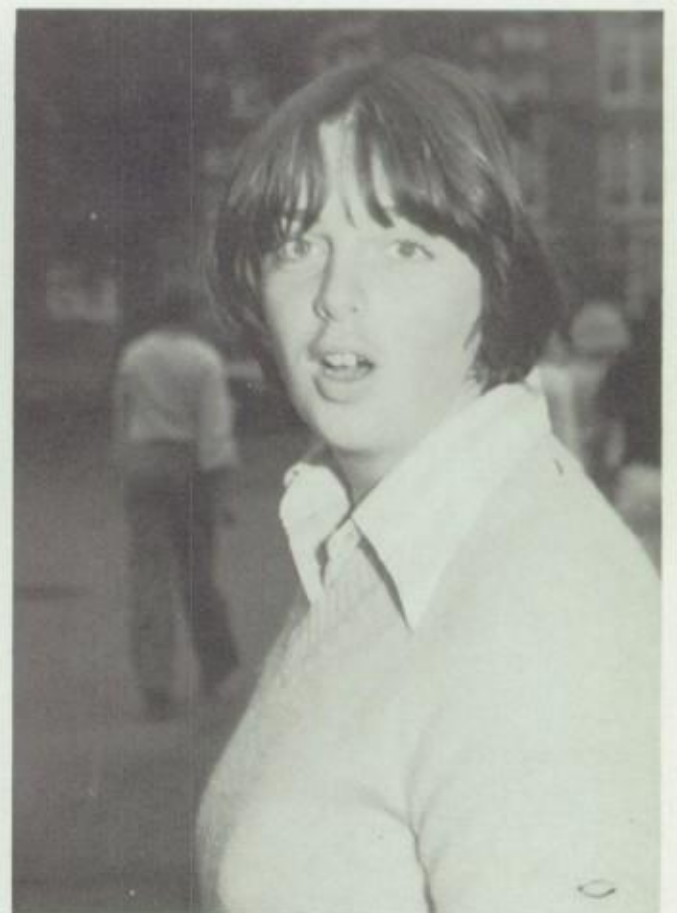

Thanks again for helping us produce a great yearbook.

Gail Matthews
Patron Editor

The 1980 Mirror staff dedicates the Yearbook to Mr. Robert Connor and to his 31 years of service to the students. He served as choir director in the Methodist Church for seventeen years and has worked diligently with the Acapella choir, Mixed chorus, and ninth grade chorus. His efforts in all areas of his occupation show motivation and incentive. Under his direction, the choruses always put on an outstanding performance, worthy of everyone's praise. In competition, the music groups consistently receive A ratings, due to Mr. Connor's preparation.

His achievements have gained the admiration of all students. We wish him the best of everything in all of his future endeavors.

SPECIAL TRIBUTE

Mr. Edwin E. Weider

Mr. Weider has been in the Medina Central School System for over 10 years; 2 of which he spent in the Army stationed in Germany.

French is his main course but he also teaches Journalism, Business English, and Filmmaking. This past year, he began helping the yearbook photographers improve their picture taking techniques. The other credentials include: Track coaching for 5 years, and Cross-Country. He also has started a slide presentation this past year for the annual Block-M Banquet.

ADMINISTRATION

BOARD OF EDUCATION

Superintendent of Schools
MR. THOMAS A. SCHIRMER

Your education in the Medina Central Schools has provided you with opportunities for learning. Most of you have seized upon these opportunities and threaded them through your lives in the development of a sturdy foundation for life's experiences. It is my sincere hope that you now possess those qualities that are necessary to lead you to a successful and abundant life.

Principal — Senior High School
MR. FREDERICK E. SNYDER

The Class of 1980 leaves Medina High School with our best wishes for its continual success. With you goes twelve years of formal education which should always be one of your most prized possessions. I sincerely hope that these twelve years represent a key for you to unlock the doors to your bright future; higher education, job opportunities, or for whatever your plans require. You will find that although the world beyond high school has many avenues to pursue, it still is long, long journey. One that requires much hard work and perseverance. My sincere best wishes for your success.

Pres. Mr. Lee Blackburn
 Mrs. Nelda Toussaint
 Mr. Robert Winters
 Mrs. Barbara Cottriss
 Mr. Frank Messoré

Director of Secondary Education
 MR. NUNZO T. MAIORANA

The decade of the 1980's will bring about many changes in our society. Yet, we all will survive because America is a great nation. It is a great nation because it mirrors the competencies of its educational system. You, our graduates and undergraduates, have been part of this process set upon the development and education of all human beings.

Our program is designed to prepare you to challenge the mysteries of your future and survive victoriously. Let us remember the words of L. R. Ditzen:

"To know that struggle will come, to prepare for it, to know that this is what we were made for, is an indispensable basis for any victory in life."

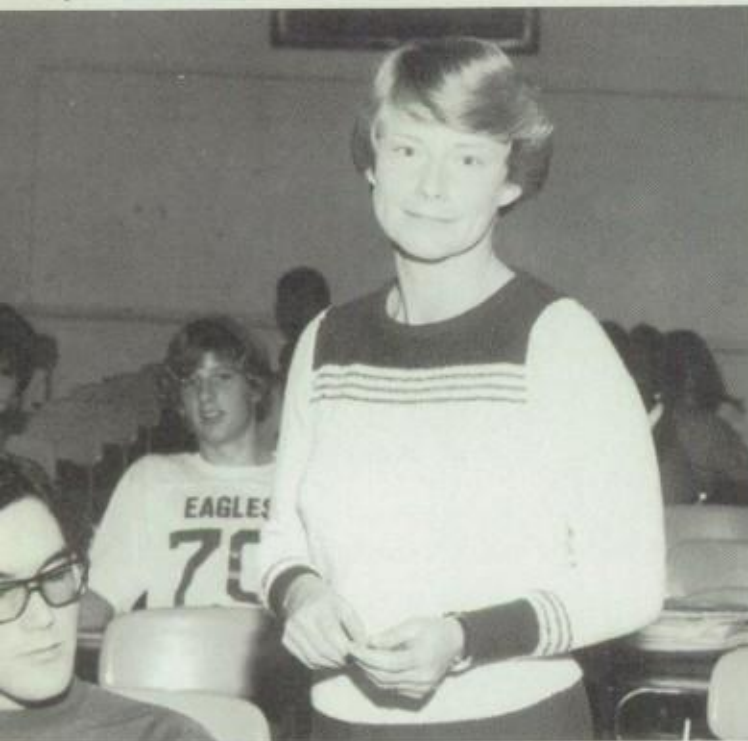

Graduates, my congratulations and may your future be filled with happiness and good health.

Medina's Band Devotees Felled by 'Mustang Fever'

Courier-Express Affian Bureau

MEDINA — The 1979 Kentucky Derby is one which will not soon be forgotten by the 141 members of the Medina High School Marching Band, the band's devotion to the Kentucky Oaks Horse Race, and the band's devotion to the Kentucky Oaks Horse Race.

the following day in downtown Medina. Out of 22 high school bands, Medina Mustangs were the winners of the Kentucky Oaks Horse Race. Medina Mustangs were the winners of the Kentucky Oaks Horse Race.

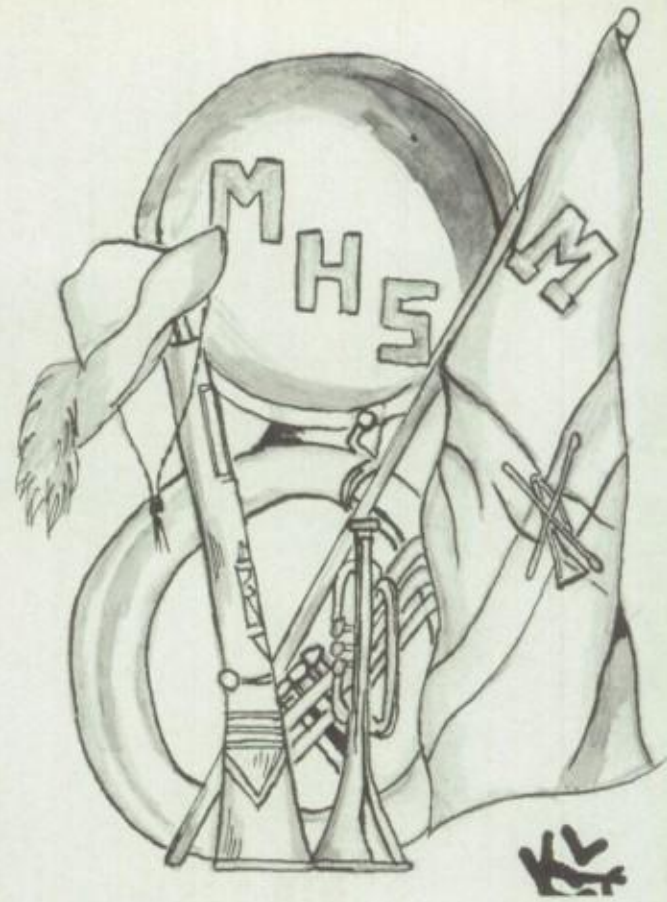

MEDINA JOURNAL-REGISTER Friday, May 4, 1979

Band Triumphs!

Medina High School's Mustang Marching Band today carries the title of Kentucky Derby Festival Champion after winning a field band competition held in a light drizzle last night in Jeffersonville, Ind., near Louisville, Ky. Word reaching Medina from Band Joseph McKain indicates that the Mustangs, 141 musicians and 19 band members, safely in the four large buses then went directly to the hotel as one of the winners.

Mustangs Rule Derby Town!

If it took \$15,000 or \$16,000 to get the Medina Mustang Marching Band to Louisville, Ky., and back, it almost seems safe to say today that the Chamber of Commerce itself couldn't have spent the money any better. The name of Medina has been engraved on the Kentucky Derby. After sweeping first place in the petition of eight bands on the day of arrival, the Medina Mustangs were the winners of the Kentucky Oaks Horse Race.

MEET GITTE, GABI, AND MICHELLE —

BERGITTE SORENSEN OF DENMARK

A Great Year

I was so lucky to be placed in Medina when I came abroad with A.F.S. last summer. I want to say thank you to all my classmates for helping me to get so much fun out of this year. I also want to say thank you to all of my teachers for being so patient with my language problem.

I have, as I said before, had a lot of fun, but I have also learned a lot, and that not only from books, but for a great deal just of being with students of another country. I tell you guys, when I went to school the first day, you almost scared me to death! The reason was probably that there was so many of you, and it looked for me as everybody knew each other, and I did not. Well, I very fast found out one thing: it is easy to make friends in Medina! And I know that there are many people I will miss when I go home to Denmark.

A Year Full Of Excitement

A year full of excitement, differences and fun times.

I spent a great year here in Medina which I sure will never, ever forget. Medina High School is very different from my "Handelsakademie," which is a business school. At first I really had troubles changing from one classroom to the other within three minutes. When I had to go to the lav I just couldn't make it and so it happened quite often that I came late to my classes, but my teachers were very understanding and they just smiled.

Another thing which I really liked is sports. In my school the only sport activity is the boring gym class. I really enjoyed being on field hockey and basketball teams. What fun it was to go to all the games, become league champs, and beat the pants off some of them . . .!

I want to thank all my friends and teachers for making this year such a great one.

Thank You!

Gabi

AFS'S UNIQUE EUROPEANS

MICHELLE FETLER OF LUXEMBOURG

My experience in an American High School has been one of the greatest in my life although there were some customs that I had to get used to. One of the first things I couldn't understand were the lockers. I still have nightmares about them. I just couldn't figure out how to open them. I tried, turned the lock to the numbers, but it wouldn't open. Even if I kicked it. Some schoolmates helped me and then finally after a month it came to me.

Even after all this, I love the school, classes, teachers and especially students. I am happy that I had the opportunity to spend the year in Medina High School.

Thanks again for this experience.

BIENVENUE A QUEBEC

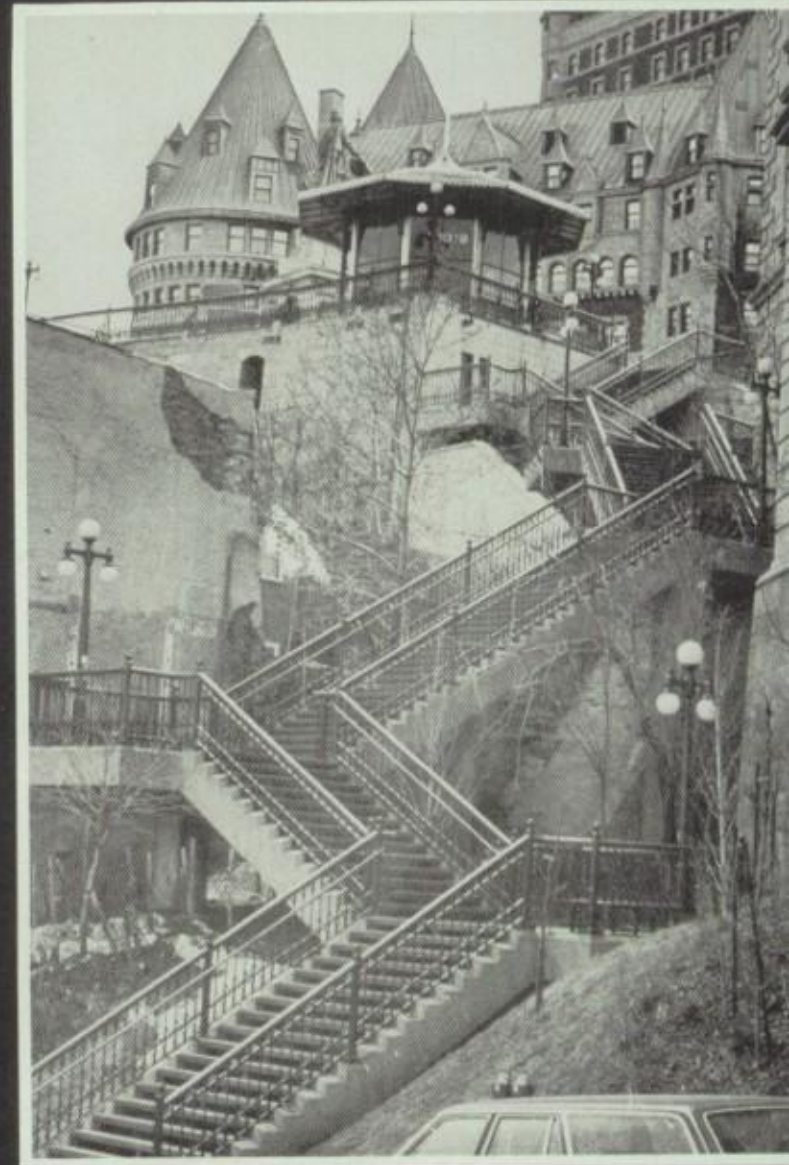

After a ten hour bus ride, we arrived at the Québec Hilton. A lot of us made use of the pool on the third floor. We tried out our French when we ordered meals or bought souvenirs. With our first day of free time, some of us went to Le Bistro (A disco), or went on the marathon walk in Lower Québec. One evening, we all dined at Chez Guido, where we ordered a gourmet meal of escargot and cuisse de grenouilles (snails and frog's legs). It was quite a change from hamburgers!

There was also a mall under our hotel where we shopped. It also served as a shortcut when we attended the Folk Singer Concert and Disco Night. Some points of interest we visited were The Grande Théâtre, Parliament Buildings, Citadel, and Musée du Fort.

We were lucky to have a lot of free time to spend wandering the streets of the old city, to buy drawings from the artists of Du Trésor Street, or to just take a ride in a calèche (horse drawn buggy). The trip in all was a lot of fun, and a great experience.

LONDON

Last Easter, twenty-seven students and three chaperones toured London, England for two weeks.

During that time, we saw "A Mousetrap" by Agatha Christie, St. Paul's Cathedral, Stratford-Upon-Avon, The London Museum, Stone-Henge, Picadilly Circus, and many more.

We saw all the usual sites of England and also learned about the culture, lifestyle and people.

The overall beauty and uniqueness of England can be summed up by Samuel Johnson: "When a man is tired of London he is tired of Life; for there is in London all that life can afford."

We would also like to thank Mrs. Horth, Miss Shurmanek, and Mr. Smythe for making our trip successful and memorable.

POOL APPROVED

By a margin of 71 votes out of total balloting of 2,597 voters of Medina Central School District last night approved the expenditure of \$340,000 to be matched with state funding for a \$1,172,370 swimming pool to be attached as an annex to the north end of Wise Junior High School.

There was general rejoicing among a crowd of about 75 people who waited at Oak Orchard School gymnasium until the four voting machines were unlocked and the sheets tallied.

"It was a fine turnout of voters and that is what we wanted. Sure, I'm happy with the outcome. A lot of people came on a rainy day to express an opinion," said Chairman Ray Watt of the Citizens Committee for the Pool.

"I'm pleased with the vote. We had a record turnout and the balloting was as great as could be expected. A 71-vote margin is small but still significant," said Superintendent of Schools Thomas Schirmer, who did the original spade-work to gain State Education Department approval for the pool.

Lines were almost constant yesterday and 1,334 people said "yes" to the pool, while 1,263 said "no." It was the biggest vote on a school matter in memory, but the tight mar-

gin was not the tightest.

During the Towne Elementary School construction vote some years ago a 1,005 to 1,002 margin kept the boxes of paper ballots sealed and under guard while recounts were made.

A swimming pool vote of 1956 in Medina went down 1,542 to 397 when the price of the pool was only \$185,000, and it was puzzling to many people over the years since the vote at the same time on a \$995,000 addition to the junior high school passed easily 1,271 to 698.

Last night's approval was not without incident and Martin Krebs, a vocal opponent of the issue, filled out a preliminary paper which he said was a protest of the election on the basis of the identification of voters.

Officials said the vote was carefully set up to conform to all Education Law provisions.

The pool approved sets in motion a timetable of action. Between now and Feb. 1, 1980 there will be detailed plans and specifications drawn and the State Commissioner will again be asked for approval. Then bids will be taken in March and a ground-breaking April 1.

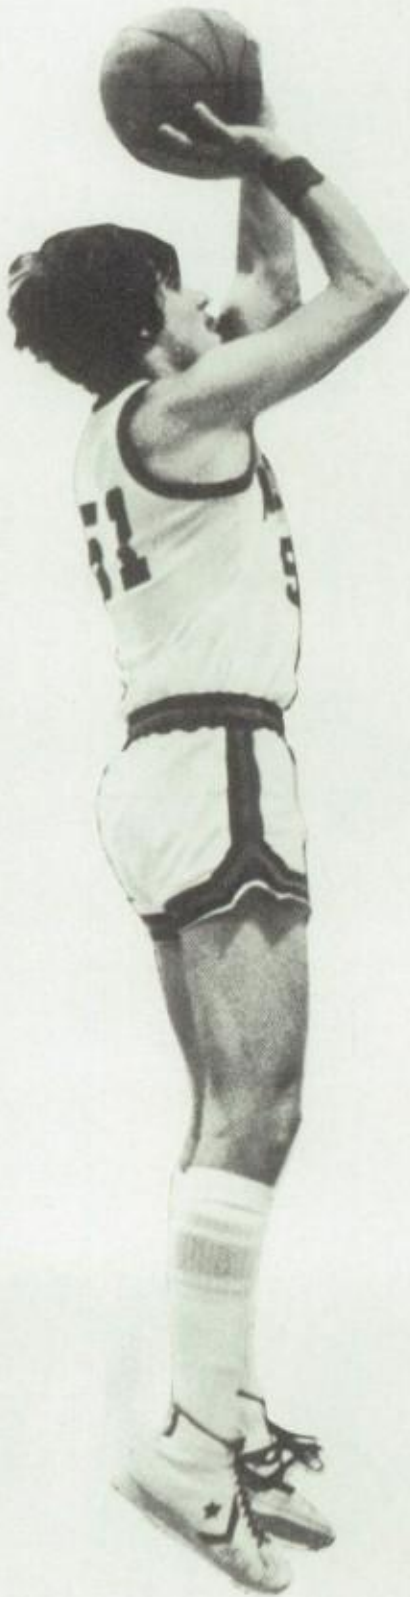

Completion of the pool is expected between Dec. 1980 and Feb. 1981.

Sonnet From The Portly Geese

How do I hate English? Let me count the ways
I hate it from the articles, verbs and nouns
To those queer little letters with the silent sounds
From the big long novels with meanings so deep
That never failed to put me to sleep
And those weekly book reports we came to dread
On those stinky old classics we never ever read
I hate it from the grammar, spelling and prepositions
To the structure, reading, poetry and definitions
While oral reporting, I used to feel faint
She gave me a zero just cause I said ain't
After rewriting compositions again and again
She'd hand them all back and say "do it in pen!"
After years of English, it's really been rough
All I can say is "I've had enough!"

Times of Your Life

Good morning yesterday
You wake up
And time has slipped away
And suddenly it's hard to find
the memories you left behind
Remember
Do you remember

The laughter and the tears
The shadows of misty yesteryears
The good times and the bad you've seen
And all the others in between
Do you remember
The times of your life

Reach back with the joy and the sorrow
Put them away in your mind
For memories are time that you borrow
To spend when you get to tomorrow

Here comes the setting sun
The seasons are passing one by one
So gather moments while you may
Collect the dreams you dream today
Remember
Will you remember the times of your life

— R. Nichols/B. Lane

Life's Characteristics

Life's an upper, Life's a bummer
Life's a never ending summer
Life is birth, Life is death
Life's the way we use our breath
Life is good, Life is bad
Life is mem'ries, friends we've had
Life is war, Life is peace
Life is problems in the Middle East
Life's despair, Life is hope
Life is up and downward slopes
Life is joy, Life is pain
I wish I had mine to live again

— Fran Conrad

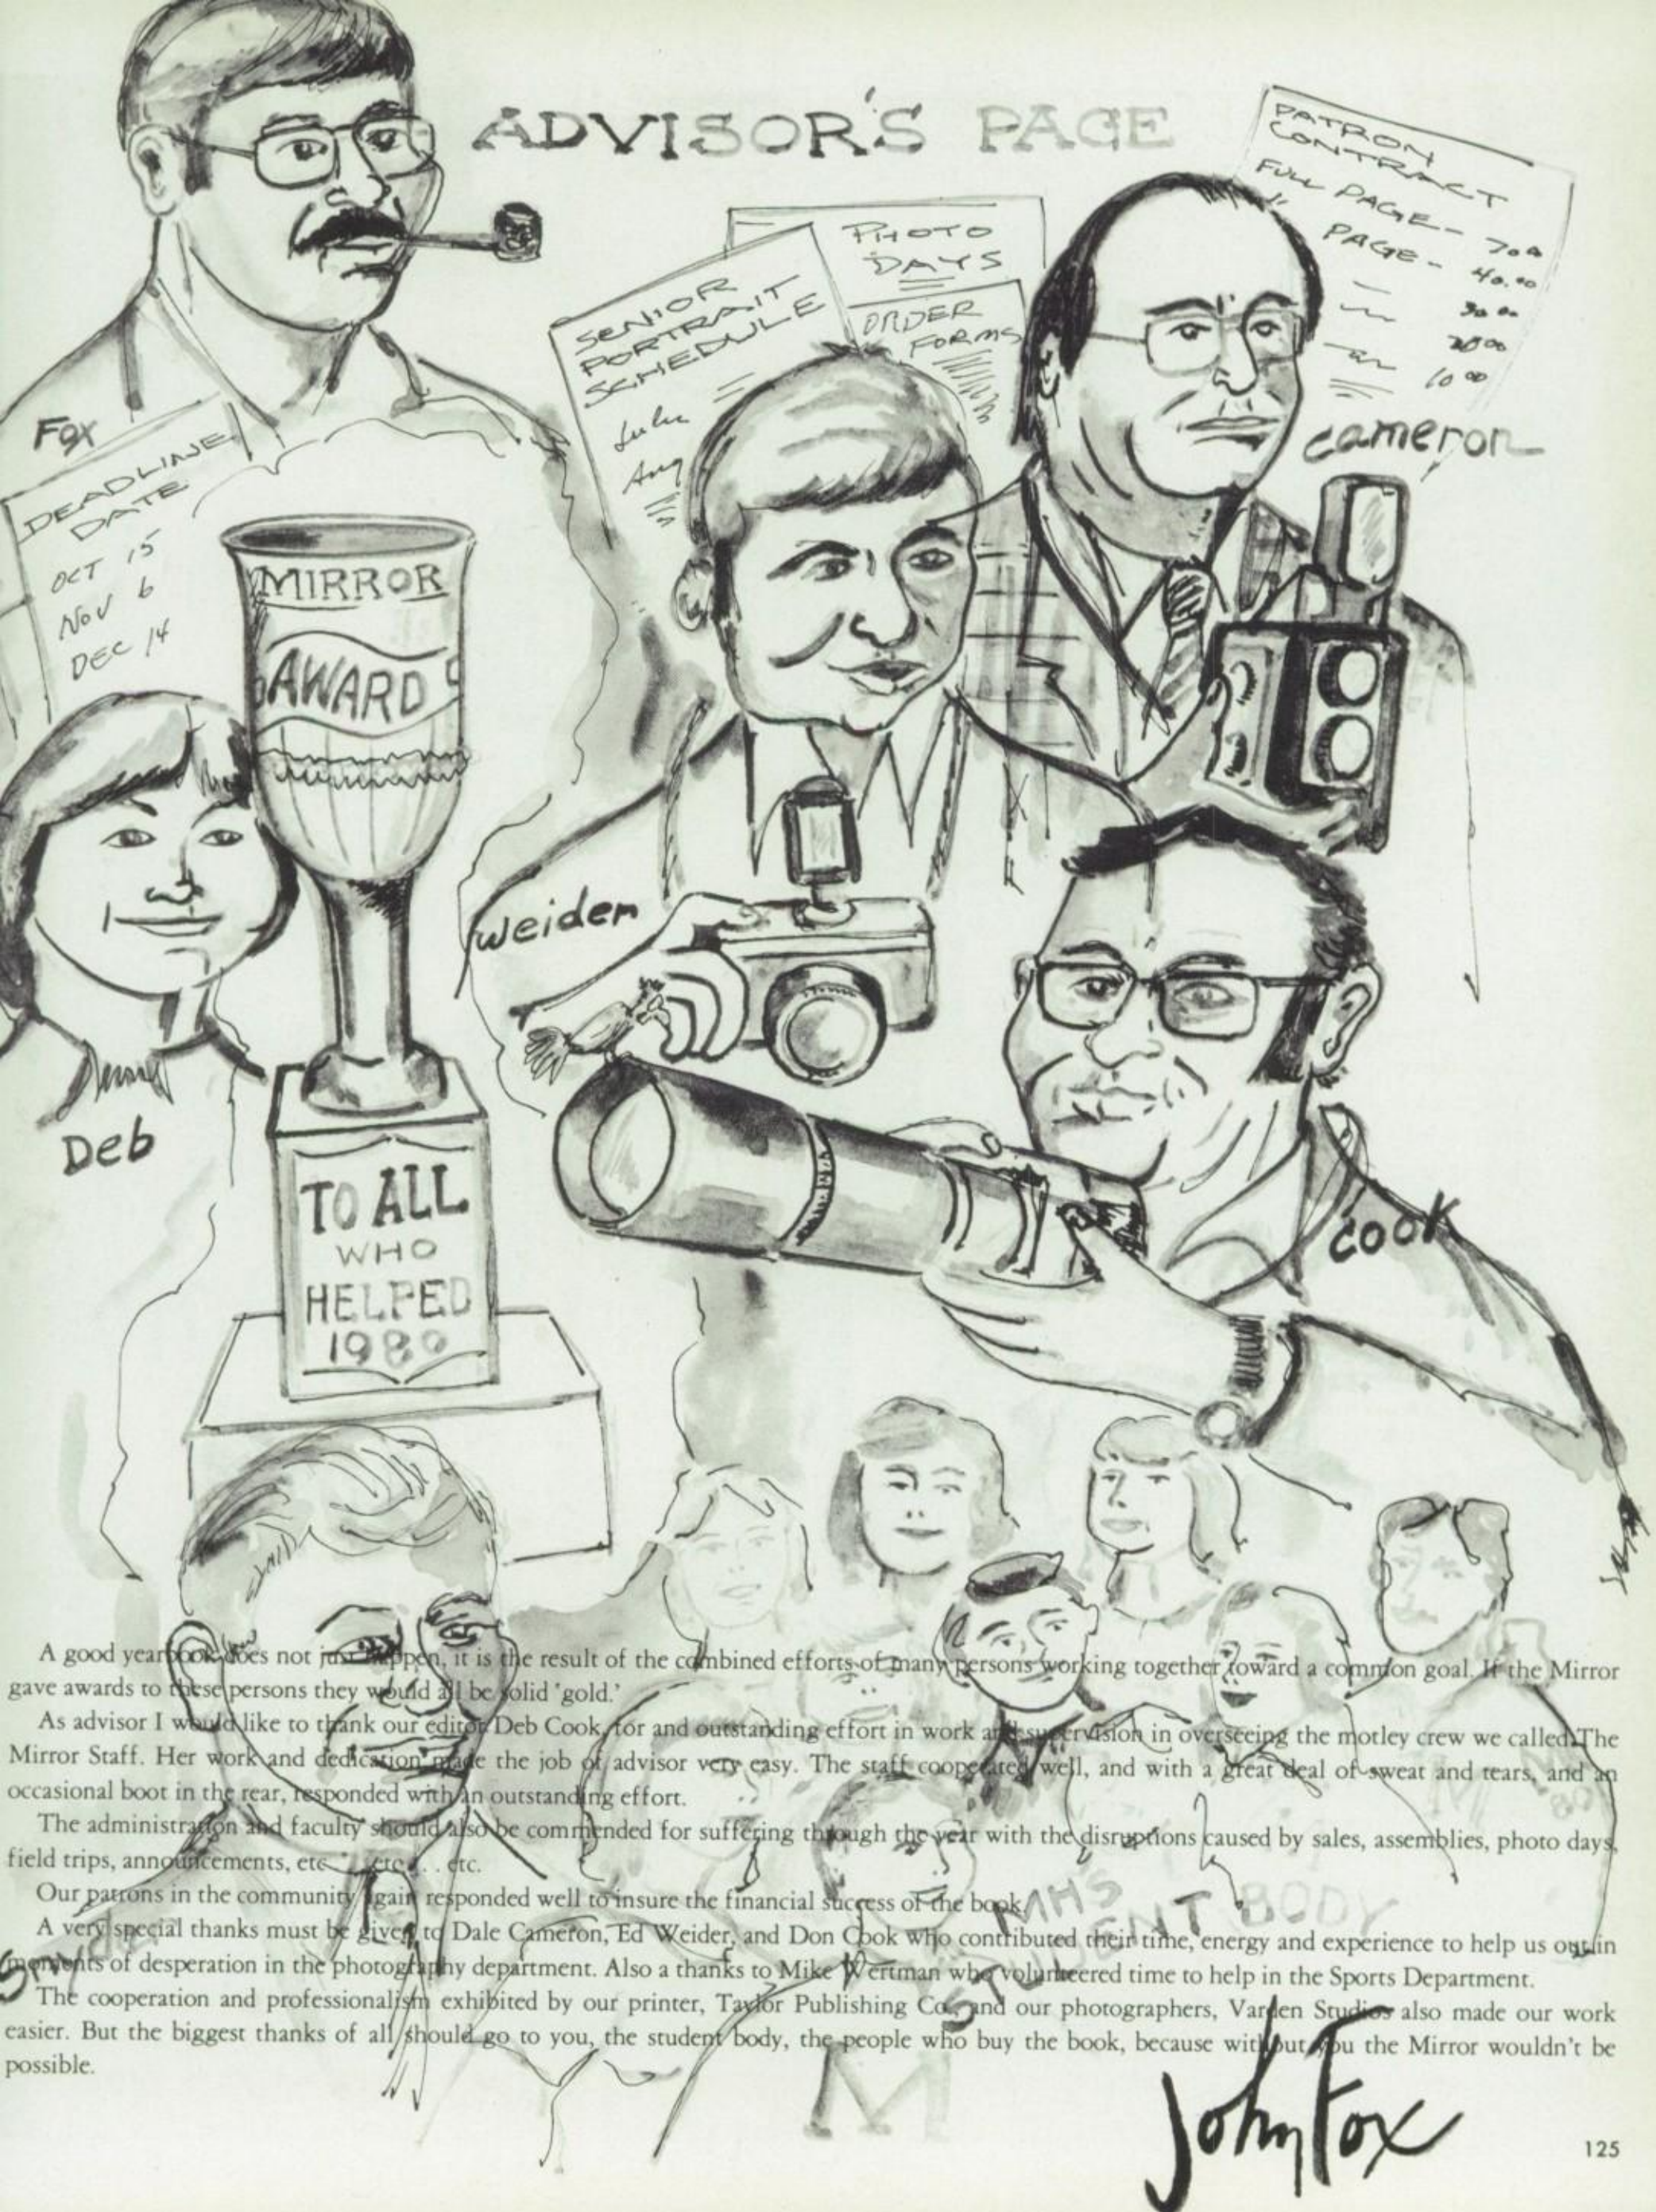

We Are The Future

It's the time for our graduation
It's more than a cap, more than a gown
We've accepted an invitation
To be part of life's celebration
We're moving and together we're on our way
Because we are the future
The future generation

Hand in hand, when we can
In between the joy and sorrow
We can fly, you and I
To the land we call tomorrow
We'll become what we reach for
If we all reach out as one
We are the future
We are the future generation

Yes, it's so hard
To turn loose and leave your childhood
Behind
But it won't mean a thing
If you don't use your mind
Because
We are the future

MIRROR
AWARD
TO ALL WHO HELPED 1980

weiden

cook

A good yearbook does not just happen, it is the result of the combined efforts of many persons working together toward a common goal. If the Mirror gave awards to these persons they would all be solid 'gold.'

As advisor I would like to thank our editor Deb Cook, for an outstanding effort in work and supervision in overseeing the motley crew we called The Mirror Staff. Her work and dedication made the job of advisor very easy. The staff cooperated well, and with a great deal of sweat and tears, and an occasional boot in the rear, responded with an outstanding effort.

The administration and faculty should also be commended for suffering through the year with the disruptions caused by sales, assemblies, photo days, field trips, announcements, etc. etc. etc.

Our patrons in the community again responded well to insure the financial success of the book.

A very special thanks must be given to Dale Cameron, Ed Weiden, and Don Cook who contributed their time, energy and experience to help us out in moments of desperation in the photography department. Also a thanks to Mike Wertman who volunteered time to help in the Sports Department.

The cooperation and professionalism exhibited by our printer, Taylor Publishing Co., and our photographers, Varden Studios also made our work easier. But the biggest thanks of all should go to you, the student body, the people who buy the book, because without you the Mirror wouldn't be possible.

Where Did the Time Go

Where did the time go?
 Remember back when
 We started school
 We became aware of the essence of time
 The importance of it
 The speed of it
 The meaning of it
 When the bell rang, it meant
 Lunch or recess
 Or having to leave teachers
 Or finger paints
 Or favorite friends
 We had to learn; we wanted to learn
 Didn't we lead simple lives?

School is not just a part of our lives;
 It is our life
 The planning of our futures revolves
 Around it
 "What are you doing after school?"
 "I'm sorry I haven't seen you,

I've been so busy with school"
 Didn't we lead such good lives?

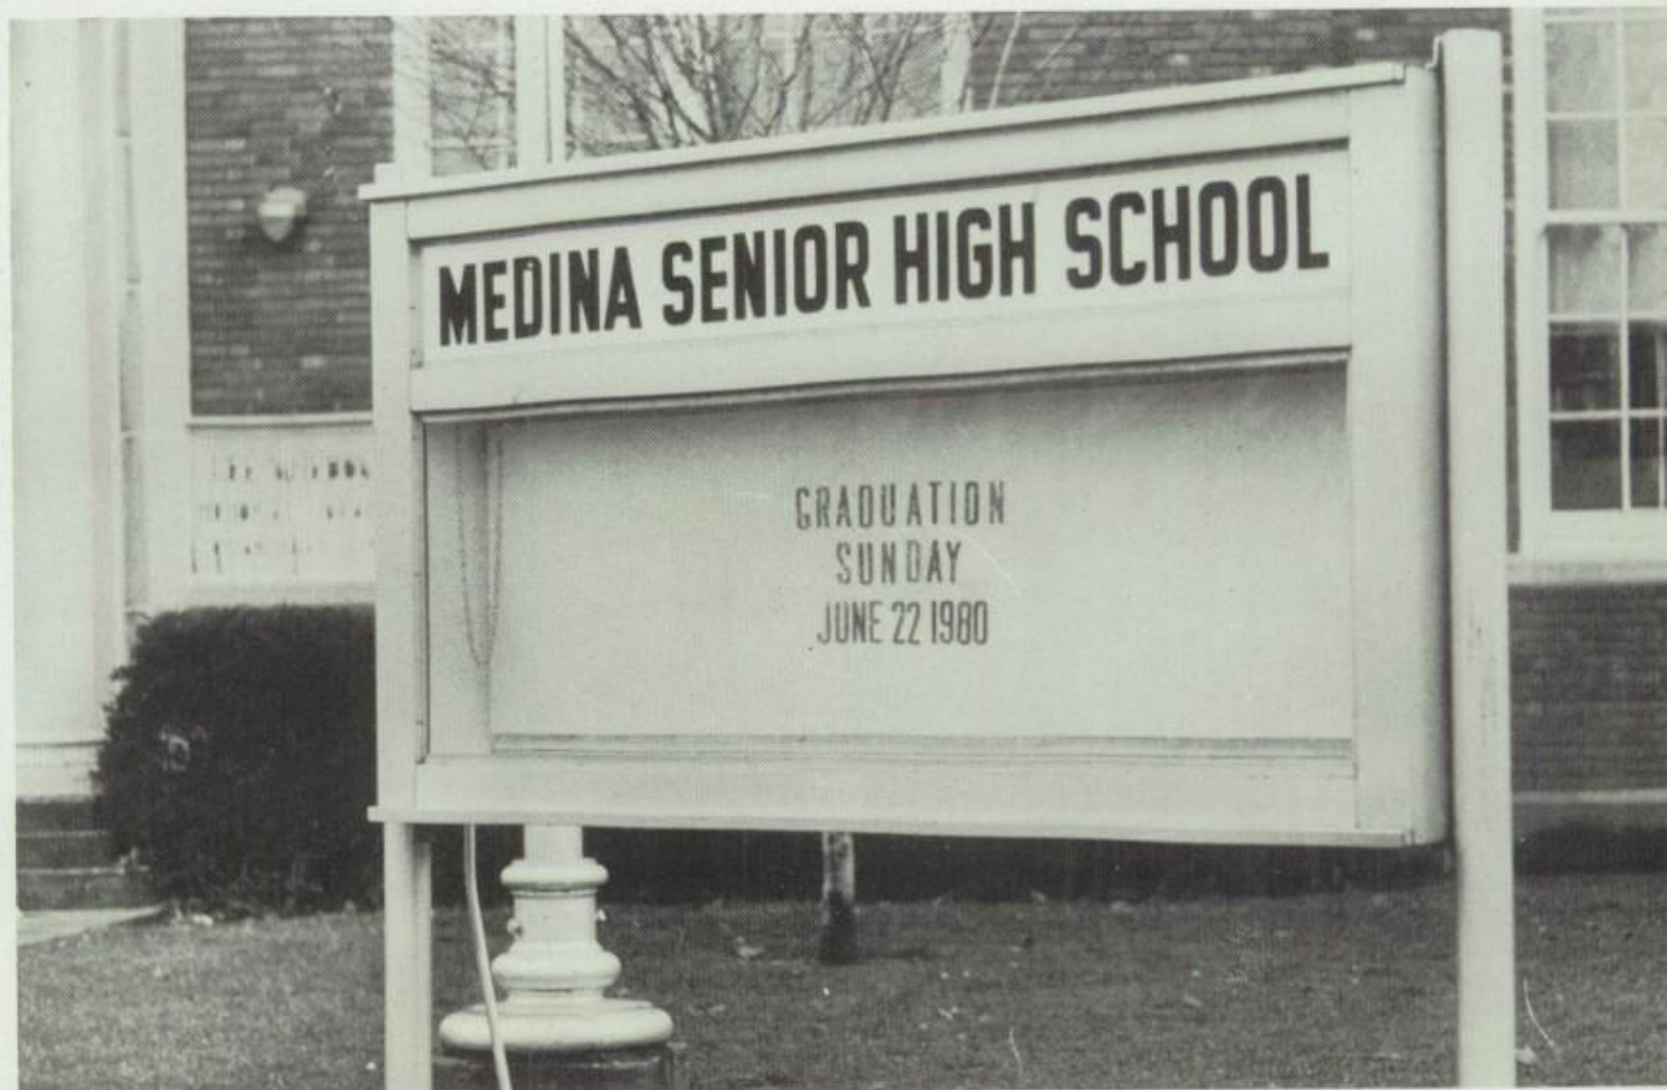

We made so many memories
 We laugh when we think of the fun times
 In elementary
 In junior
 In senior high school
 We made life-long friends
 And we will carry with us
 Life long memories
 They are nice; we are glad we have them
 But we also have dreams
 We have high hopes
 Great expectations
 Countless ideas
 We will leave all of this behind
 Yet we will always have them
 School taught us so much
 Do we now understand time?
 The importance of it?
 The speed?

The meaning?
 Why, if moments go so slowly,
 Do days
 Weeks
 Months
 School years
 Go so quickly?

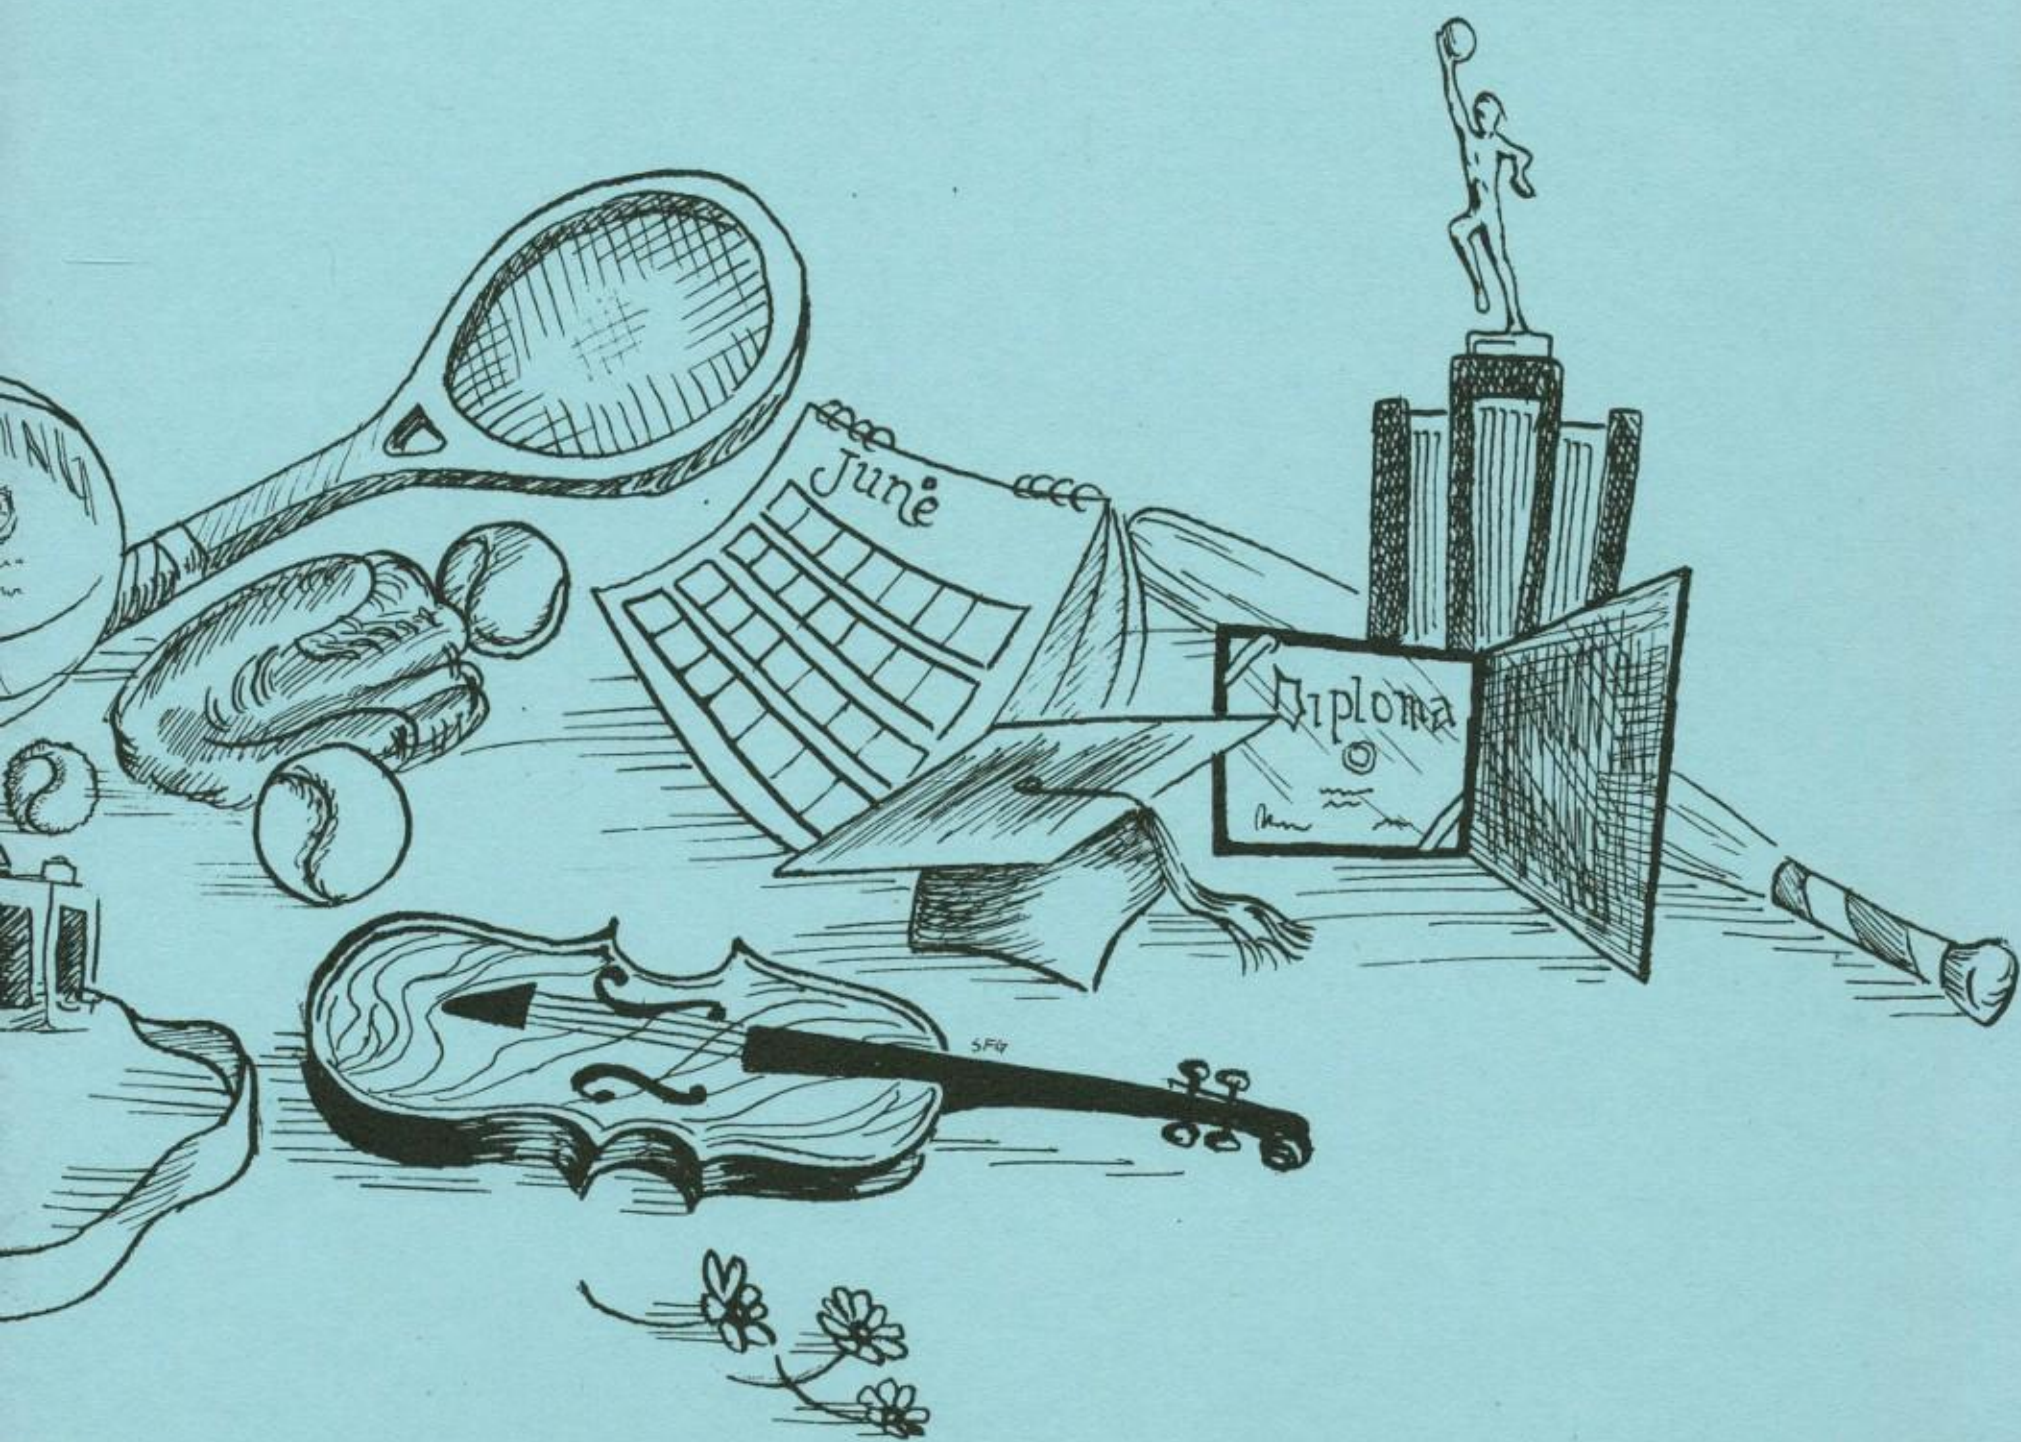

How can we be sorry and happy to
 Leave at the same time?
 Don't we lead confusing lives?

We are ready now, to confront you,
 World
 Though we are emerging like
 Precisely formed butterflies into
 Still another time, we are filled
 With many questions
 We aren't asking you to give us
 The answers
 We'll come get them ourselves

A large group photo of the Medina Senior High School football team. The players are wearing red jerseys with "MEDINA" and their numbers in white. They are posed in several rows on bleachers, many with their arms raised in celebration. The background shows trees and a building.
